Colorado Protectors of Public Schools

===== - No More Cuts.

Mr. Allen Dreher
11000 Glengate Circle
Highlands Ranch, CO 80130

Dear Mr. Dreher,

We are pleased to inform you that you have been endorsed by Colorado Protectors of Public Schools (COPOPS), the statewide, grassroots, nonpartisan organization dedicated to electing public school champions to the state legislature.

The COPOPS Endorsement Board based its endorsement decision on answers to our detailed school funding questionnaire, as well as on your clear commitment to improving funding of K-12 education in Colorado. A summary of this process and a list of the members of the Endorsement Board can be found on the COPOPS website (<http://www.copops.org/>).

COPOPS is proud to endorse you. We intend to use the remaining weeks of this election to inform our members and other public school supporters in your district that you are the best candidate for House District 43, when it comes to fighting for K-12 school funding in Colorado.

Please send a biographical paragraph (in an e-mail or attached in Word format) highlighting your views and involvement in public education, along with a digital photo to jane@copops.org as soon as possible. Each COPOPS-endorsed candidate will have a separate page on our website to be viewed by public school supporters in your district, as well as other COPOPS members. Your COPOPS endorsement page will include a link to your website.

In the coming legislative session, the challenges will be great. It is COPOPS' hope that your commitment to our children and schools will lead you to stand up for them, even -- and especially -- when it takes political courage to do so.

Sincerely,

Bruce Broderius
Endorsement Board Co-chair

Jane Feldman Zavislan
Endorsement Board Co-chair
